

## Module 5: Final Polish & User Experience (Week 5)

### Objective:

To address final UI/UX issues, finalize static page content, and ensure seamless navigation.

### Scope of Work:

#### 1. Navigation & Scroll Fixes

- Smooth scroll implemented.
- CSS fixes for Link-wrapped buttons.

#### 2. Static Content

- About.jsx finalized.

#### 3. CSS Refinements

- Dedicated styling for CampaignDetail.jsx and forms.

#### 4. Code Review

- Naming conventions and imports cleaned.

### Key Deliverables:

- Smooth navigation.
- Polished detail page.
- Ready for authentication phase.
